

# THE CUBE

Venue / Retail Display

Volanti Displays introduces the Cube, a 21" cubed 'plug and play' video module that is sure to turn heads. Create, express and deliver video content in a whole new way.

The Cube's single source video input via HDMI makes it easy to control and with no additional software needed to run visuals, the possibilities are endless.

Ultra-Lounge Cocktail Table

## Rethink The Way You Display

The Cube's truly 3-dimensional perspective makes it one-of-a-kind. The bright LCD panels are suitable for all indoor lighting environments. Used individually or as part of a creative arrangement via daisy-chain configuration, they will stand out in any environment.

Perfect for retailers, public venues, galleries and museums looking to make impact and take effective communication to a whole new level. Compatible with most HDMI based media players.

## Creatively Express Yourself

Rethink interior design. Create, express and deliver art, content and promotional material in a whole new way; 4 to 6 panel options available.

Applications Include:

- Ultra-Lounge Cocktail Tables
- On Stage Venue Displays
- Product / Retail Stands
- Modern Art Pieces
- Gaming Modules
- Photo Booths with Real-Time Photo Sharing
